MEMORANDUM FOR: Chief, Regulations Control Staff

SUBJECT : Proposed Regulation [REDACTED] "Leave"

25X1A

The Staff of the Deputy Director (Administration) has reviewed subject Regulation and makes the following suggestions and comments:

(a) Paragraph 2.b. of the transmittal memorandum from the Chief, Regulations Control Staff, would seem to be contradictory to the text of the paragraphs cited. This appears to be purely an error in the transmittal memorandum, as the text is quite clear in its requirement that leave of any type taken in the United States, its Territories or possessions, will extend the period of "continuous service abroad" by the amount of such leave.

(b) Assuming that the above observation is correct, I believe greater consistency and clarity would be obtained if paragraph 10.b.(2)(a) were modified to show that such leave taken in the United States extends the period of continuous service, whereas if taken abroad and not in excess of 30 workdays during the two-year tour, it will not require extension of the period of continuous service.
